20. If you could change one thing to improve the website, what would it be?

1-I would change the height of the menus; they were bigger than necessary. I would shrink all of that and it would be easier for users to find things

2- I would disclose that my computer is not going to get some kind of a virus from looking at this website.

3- I would disclose that AI images are a nuisance. They are fake. Does this mean the whole company is a fake? I would inform users that Our company is real people with the real product you can count on.
